

**REMARKS**

In accordance with the foregoing, the objected to language in the specification has been removed. No new matter has been submitted.

Claims 1-29 are pending and under consideration.

The specification has been amended as recommended by the Examiner in the Office Action issued November 27, 2007, to overcome the outstanding §101 rejections of claims 14-16.

Accordingly, entry of this amendment and allowance of all claims is respectfully requested.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
